Capacities of
6,000 to 22,000lbs.

You'd expect this quality of machine from

Four Directional Engine Powered Sideloader

The Bullseye® four directional engine powered sideloader is an all wheel drive, all wheel steer and all wheel brake truck that does multi-duty. It can serve as a traditional forklift, four directional reach truck, and a sideloader. In addition to handling pallets, with the Bullseye®, long loads can be negotiated through constricted aisles and narrow doorways with ease, resulting in increased storage.

Bullseye Advantage

- ✓ Capacities from 6,000 to 22,000 lbs.
